

## CHORISTER DRESS CODE

These are important guidelines for proper dress for all choristers. The guidelines are universal for all choirs across the country and help the choirs to prepare for worship in a more disciplined and comfortable way.

1. No turtlenecks – too bulky and hot under vestments.
2. Proper shoes – **NO** flip-flops or sneakers. Buy a pair of inexpensive black flat shoes.
3. No dangling earrings.
4. No exotic hairdo or big bows.
